Dear Mr. President,

Our association and Czech local governments were dismayed and sad to learn of the death of Mr. Pawel Adamowicz who became object of horrible attack last week. We truly regret it as it is an irretrievable loss for City of Gdansk, its citizens as well for the Association of Polish Cities.

Our association condemns this attack as an unprecedented threat to the fundamental pillars of our democracies and their values. We cannot accept violence against elected representatives in our democratic societies.

On behalf of the Union of Towns and Municipalities of the Czech Republic and the Czech local elected representatives let me express my deepest sympathies to the relatives of Mr. Adamowicz, to your association as well to all Polish citizens and assure you that we truly sympathize with you in this painful time.

Yours sincerely,

Mr. Zygmunt Frankiewicz
President
